cw = Reported count week
 US = Flagged as an unusual species
 HC = Flagged as an unusually high count
 LC = Flagged as an unusually low count

Species Requiring Rare Bird Reports to be Submitted to Regional Editor

Species

Special Aspects

Great participation, (23) counters. The low barometric pressure combined with wind hampered the count a bit. (63) species might be a count record. Late Song Sparrow, Red-shouldered Hawk, Pied-billed Grebe and Northern Flickers were great finds. Northern-hawk Owl was exceptional. (4) new species were added to the count. (14) species set record highs. Thank you counters!
